

What if I have been disconnected or have bad credit?

Disconnection: (for landline service only):

If you get a disconnection notice from your telephone company because of a late payment or no payment, you can ask your telephone company to apply "toll limitation" or "toll blocking" to restrict your phone calls to local numbers only.

Deposits: If you have credit problems, you may have to pay a deposit before setting up phone service. If you are eligible for the Minnesota Telephone Discounts for landline service, you do not have to pay a deposit if you agree to block long distance service.

Long Distance Blocking: If you sign up for long distance blocking, you can still make long distance calls with pre-paid calling cards or dial-around services.
